

Floating « Linguistic Miracle

لَا الشَّمْسُ يَنْبَغِي لَهَا أَنْ تُدْرِكَ الْقَمَرَ وَلَا اللَّيْلُ سَابِقُ النَّهَارِ □ وَكُلٌّ
فِي فَلَكٍ يَسْبَحُونَ

It is not for the sun to overtake the moon, nor does the night outstrip the day. They all float, each in an orbit. [Yasin 36:40]

وَكَأَنَّ فِي فَلَكٍ يَسْبَحُونَ

And all in swimming they (are) floating [in orbit]

NOTE: See the letters *Orbiting/floating* around the letter 'Ya'

In this ayah Allah (SWT) is speaking about how the sun and the moon are in orbit. Look at the letters in **red, brown and green**; they are all *floating* around the letter in orange. The next word begins with the letter ya [**YaSbah**], which is referring to Floating (Ta**S**beeh is from the same root). SubhanAllah!

The letters are Floating around one another, since the concept being discussed is Orbit.

Only the speech of Allah can be perfect in style and content!
